Creating a Poll Step-by-Step Guide

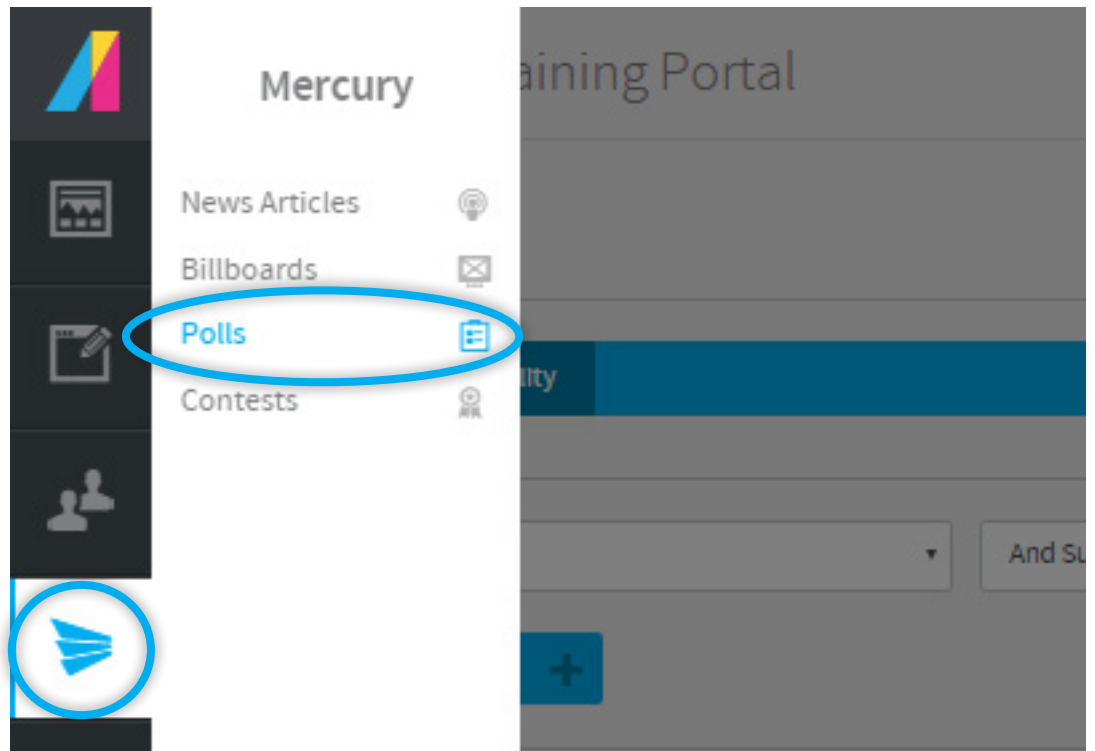

www.porkavenuetraining.com

1

Once you have logged into Pork Avenue Training Portal, you need to get from the learner side of the site to the admin side. Click on the icon that is to the top, right of the page. It has three lines and an arrow pointing down. Select “Admin,” which will take you to the Admin side of the site.

2

On the left panel, select the “Mercury” icon and then select “Polls” from the menu.

3

The screenshot shows the 'Agrischool Training Portal' interface. On the left is a dark sidebar with navigation icons. The main content area is titled 'Polls' and includes buttons for 'Add New', 'Actions', and 'Mas'. Below these are 'Add Filter' and a list of poll items. A modal window is open on the right, titled 'Add New', with a blue button labeled 'Poll' and a plus sign highlighted by a red oval.

Click on "Poll +" to create a new poll.

4

The screenshot shows the 'Agrischool Training Portal' 'Add Poll' form. The 'General' tab is selected. The form includes a 'Question' field with the text 'Is the sky blue?', an 'Option / Answer' section with 'Yes' and 'No' options, an 'Add Option / Answer' button, an 'Author' dropdown menu set to 'Carrie Bodznick', and a 'Publication' toggle switch currently set to 'OFF'.

Create your question and options/answers. Choose the author of your poll.
